

Residential Advisory Committee

The Residential Advisory Committee advises the director of University Residences on matters concerning the campus residential community as they relate to student development. The committee plays an advisory role in assisting the director of University Residences review the mission of the department, the philosophy of the residential program, long range plans, and developing initiatives to support student success, including leadership, learning communities, new student experience, and academic advising. The committee reviews and recommends policies and significant procedures affecting student housing on campus.

The committee is supported by subcommittees representing functional or topical areas. The University Residences Appeals Board is a subcommittee of the Residential Advisory Committee.
