IV. Club Recognition

A. WWU Economics Association, For the past few years they have existed as an informal club and they hope to be able through the AS become more official. They seek to inform students with an interest in economics about the careers and opportunities open to them. They hope to have two meetings a month one focused on the more business and serious aspect of the club and one meeting more informal, just so people with the same interest can hang out.

Second: Lunden Vote:6-0-0 Action: Passed

B. Team Rampage Ping Pong, They are creating a club for people who enjoy playing ping pong. They are open to all sorts of skill levels and they just want to get together informally and play this game. There was a club that used to be on campus that related to ping pong but it did not renew. They did own a couple of ping pong tables that this club hopes to also use.

Motion: 08-W-052 by Miller

Second: Lunden Vote:6-0-0 Action: Passed

C. Western Concert Coordinators, They wish to change their name to New Music New Dance, which would correlate better with their programming now. They only put on this one event and everyone else associates them with this event. They feel that if they do change their name it will give the club more flexibility to expand as well.

V. Information Items

A. Ian Morgan, for his senior project at Fairhaven College, produced a documentary on a piece of Bellingham immigration history. The film was accepted to be presented at the National Association for Ethnic Studies (NAES) conference. By going to the conference he hopes to be able to represent WWU's commitment to academic excellence and its emphasis on the importance of ethnic diversity. He also anticipates learning a great deal about different areas of ethnic studies and bringing that back to Western as well. He is asking for \$611 to be able to attend this conference. ***This will be brought back next week as an action item.***

B. Creators of Raza Latino Students minor, Maribel Galvan, Laura Bohorquez, and Alina Rosario all plan to go to the National Association of Ethnic Studies (NAES) to present their work on the minor that they instituted here at Western. They hope to bring back to campus what they learned at an open forum which they will organize. They are requesting a total of \$1605 to attend this conference. ***This will be brought back next week as an action item.***

C. Western Democrats, They are asking for funding to send a delegation to convention at the end of March in Vancouver Washington. They believe this will be a great opportunity for the students being that most of their membership is now freshmen and sophomore. They have historically gone to this conference every year and have had many people involved in the student government coming from their club. They hope to get these new students more involved. They also have traditionally not asked for members to pay for the conference and hope to continue this tradition. The total cost being requested for the conference is \$1830 as a grant. ***This will be brought back next week as an action item.***

D. Scottish Country Dance Club, They are requesting for funds to be able to go to a dance conference which varies in location every year. This year it will be held in Vancouver B.C. , and they hope to go to learn more about dancing. This conference attracts many different people with various skill levels. This will help the members of the club to be able to learn more techniques and bring them back to Western and teach others. Also some of the members going will also be able to learn more of the basics as well. This year they have a lot of new members and hope to be able to incorporate what they learn to all of them. They are requesting \$630 from the council with the rest coming from members and fundraising. ***This will be brought back next week as an action item.***

VI. Action Items

A. Metal and Hardcore Club, They are requesting a total of \$650 for there hip hop event which they hope will be just as successful as last year. They hope to not charge members and keep this show free. There will be local bands and some people from Seattle coming to perform. They estimate they had a total of 300 people attend their last event last year and are hoping that this year they will be able to have the sort of turn out.

B. Political Science Association, They are bringing a speaker to campus which is supported through a couple of programs within Fairhaven College. They have received funding from Cold Beverage Contract (CBC) and which ever amount the council decides to give them the CBC will cover the rest. The council had much deliberation and because the budget for the council was low and this program seemed geared a lot more academically, they discussed that it might be more effective for CBC funds to cover this conference.
