- f. **Jake Massine** has had limited contact from the committees that he applied for. He also briefly talked about the possibility of making the installation of the fingerprint system at the rec center, the next issue of the month. Jake, having not attended the previous Senate meeting, asked for some explanation on what brought about the Resolution regarding Christians Chairmanship. He hoped the Senators had made the right decision due to the fact that there are large consequences for Christian regarding his graduate school status. Kelly said that it is understood the long lasting effects this will have for Christian, but that lying and compromising the Senate to the Board is not acceptable. Eddie piggybacked on Kelly's statements.
